

Calm-Pro™

The Green Tea Serenity Factor

Tropical Breeze

100 mg

Product Summary

L-Theanine is an amino acid found almost exclusively in tea that influences the central nervous system through a number of mechanisms. It crosses the blood-brain barrier in a dose-dependent manner within 30 minutes, and influences levels of the neurotransmitters dopamine, gamma-aminobutyric acid (GABA), serotonin, norepinephrine, and glutamate. These effects cause a significant increase in alpha brain wave activity, indicative of a state of wakeful relaxation, increased performance under stress, improved learning and concentration, as well as decreased anxiety.

Studies also suggest that L-theanine may have neuroprotective properties against brain injury, such as that resulting from stroke, as well as from environmental neurotoxins. L-Theanine's neuroprotective capacity has been attributed to its effects on N-methyl-D-aspartate (NMDA) receptors, and brain-derived neurotrophic factor (BDNF) and glial cell line-derived neurotrophic factor (GDNF) production. Because it reduces levels of norepinephrine, it has also been shown to have a hypotensive effect. In clinical trials, L-Theanine has been shown to buffer sympathetic activity during stressful events, reducing subjective as well as physiological stress responses.

Unique Features

- Contains Suntheanine®, the most clinically-studied L-Theanine
- Suntheanine® is a pure form of L-Theanine, naturally extracted from green tea using a patented enzymatic process
- Reduces stress and anxiety, restoring a calm mental state
- Chewable tablets are convenient and fast-acting
- Delicious tropical fruit-flavored chewable

Calm-Pro™

The Green Tea Serenity Factor
100 mg
90 chewable tablets
Code: 9282

Actual size: 19.16 mm diameter

Feature: Delicious, fast-acting chewable

Supplement Facts

Serving Size: 2 tablets

Servings per Container: 45

2 Tablets Provide:

| | |
|-------------------------------|--------|
| Calories | 15 |
| Total Carbohydrate | 4 g |
| Sugars | 3 g |
| Suntheanine® L-Theanine | 200 mg |

Other Ingredients: Organic cane juice, xylitol, stearic acid, silica, natural fruit flavor (pineapple, banana, pomegranate, mango and passion fruit), citric acid, magnesium stearate (vegetable grade).

Contains no artificial preservatives, colours or sweeteners and no dairy, soy, wheat or yeast. Sealed for your protection.

Do not use if seal is broken. For freshness, store in a cool, dry place.

Suggested Usage: Chew 1–2 tablets 3 times per day or as directed by a health care professional.

Contraindication: While no specific contraindication exists or is predicted, data is lacking for use during pregnancy, lactation, and in children, and the dosage may need to be reduced for those less than 18.

Drug Interactions: L-Theanine is known to have a hypotensive effect in some individuals, and concomitant use of anti-hypertensive drugs may potentiate their activity.

· GUARANTEED ·

Bioclinic Naturals products are guaranteed to meet or exceed Good Manufacturing Practices (GMP) of the Canadian Government and the Therapeutic Goods Administration (TGA) regulations of Australia—among the world’s highest standards for natural products.
